

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

\* \* \* \* \*

In the Matter of:

THE APPLICATION OF SALT RIVER RURAL )  
ELECTRIC COOPERATIVE CORPORATION ) CASE NO. 9233  
FOR PERMISSION TO DEVIATE FROM RULE )  
807 KAR 5:006, SECTION 15 )

O R D E R

Salt River Rural Electric Cooperative Corporation ("Salt River") by letter received November 29, 1984, requested permission to deviate from Regulation 807 KAR 5:006, Section 15. The deviation request was made in compliance with Regulation 807 KAR Section 24, and consisted of requesting permission to transfer its electric meter test records and historical data from a manual card file system to an in-house computer data storage and retrieval system. The Commission requested additional information on December 4, 1984, and it was received on December 17, 1984.

The Commission, having considered the evidence of record and being advised, is of the opinion and finds that:

1. All meter test records and historical data required by regulation 807 KAR 5:006, Section 15, will be entered and maintained in the computer storage system except for three items which are not compatible with the computer storage and will therefore be retained in the manual card file.

2. Adequate provisions for protection of stored data and retrieval from the computer system have been made; and

3. The proposed system will improve the meter record keeping operation of Salt River and will benefit both Salt River and its members; therefore, this application should be approved.

IT IS THEREFORE ORDERED that the application of Salt River for a deviation from the requirements of regulation 807 KAR 5:006, Section 15, be and it hereby is approved, and the meter test and historical data may be transferred from the manual card file system to an electronic computer information storage and retrieval system.

Done at Frankfort, Kentucky this 19th day of December, 1984.
